

Varun K R

Software Engineer (Fresher) | Java | Python | Web Development

📍 Bengaluru

☎ +91 6362448761

✉ varununfolded@gmail.com

🌐 [mylinkedin](#)

Motivated and detail-oriented **Information Science** graduate with a strong foundation in **software development, full-stack technologies, and data-driven problem solving.**

Eager to contribute to innovative software teams by applying hands-on experience in **Java, Python, Operating Systems, Machine Learning and web technologies.**

Passionate about continuous learning, clean code, and building scalable, efficient digital solutions.

Projects

Terrorist Attack Prediction

Jun 2025

Technologies: Python, Machine Learning, Pandas, NumPy

- Designed and implemented a predictive model using historical data to identify potential terrorist activity patterns.
- Utilized data preprocessing, supervised learning algorithms, and visualization to enhance prediction accuracy.

Cotton Yield Prediction (Mini Project)

Dec 2024

Technologies: Python, Machine Learning

- Developed a model to forecast cotton yield based on rainfall, soil, and climatic parameters.
- Cleaned and analyzed datasets to build an efficient regression-based prediction model.

Web & Data Analysis Mini Projects

Jul 2024

Technologies: HTML, CSS, JavaScript, React.js, SQL

- Created small-scale responsive websites and dashboards integrating frontend and backend components.

Internship

Full Stack Development Intern — Princeton Smart Engineers

Jan 2024 – Mar 2024

Technologies: Python, Machine Learning, Pandas, NumPy

- Gained hands-on experience in full-stack web development using **React.js, Node.js, and MongoDB.**
- Collaborated with developers to design and debug responsive web modules.
- Enhanced UI/UX consistency and database performance.

Certifications

Full Stack Development — Princeton Smart Engineers

Web Development — Infosys Springboard

Education

Bachelor of Engineering (B.E.) – Information Science and Engineering

Nov 2022- July 2025

AMC Engineering College, Bengaluru, CGPA: 7.42 / 10

Technical Skills

Programming Languages: Java, Python, C, JavaScript

Web Technologies: HTML, CSS, Node.js

Database Systems: MySQL, MongoDB

Tools & Platforms: Git, GitHub, Visual Studio Code

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Machine Learning

Soft Skills

Problem Solving

Team Collaboration

Communication

Adaptability

Leadership

Time Management

Other Information

Languages Known: English, Kannada, Hindi

Preferred Locations: Bengaluru | Hyderabad | Pune | Delhi |Chennai (Open to relocation)
